L'opera propone effetti luminosi e intermittenze visive che possono provocare reazioni avverse in persone con epilessia fotosensibile, oppure causare cinetosi. L'esperienza è consentita solo a persone di altezza superiore a 102 cm ed è sconsigliata a chi soffre di pressione alta o problemi cardiaci, claustrofobia, lesioni alla schiena, al collo o simili, che abbia problemi respiratori o sensibilità sensoriali, donne in gravidanza oppure persone sotto effetto di alcol, droghe o altre sostanze stupefacenti.

This virtual reality installation contains some light patterns and flickering lights that may trigger seizures in people with photosensitive epilepsy or induce motion sickness. Participation is allowed only to persons above 102 cm (3'4") tall. Viewer discretion is advised, especially for, but not limited to, people suffering from high blood pressure or a heart condition, claustrophobia, back or neck injuries or related conditions, breathing problems, or sensory sensitivities; pregnant women, people under the influence of alcohol, drugs, or other intoxicants.
